

# PFCI NEWS

Volume 3, Issue 3

OCTOBER 2013

- 128 hours of day light
- About 200 hours in New Zealand
- The sun will be 147.4 Million Km Away... That's a long way
- Beer of choice still to be decided
- 2 more Newsletters to come
- Stay tuned for the Player review.
- Remember final payment due end of December

## WHY ARE WE WAITING.

Well with everything more or less organized it just that time to wait out the next 110 days (2640 hours) or about that long anyway. Its not like anyone is counting down are they..

Currently the launch is still available.. Will keep updates in the following newsletters. It was suggested that a possible over night stay.. But we will see when the time gets closer. The outboards are in the progress of getting re conditioned so look out and hold on

for that extra 0.1 of a horse power.. Hey in motor sport that could be the difference in winning or loosing by .001 sec..

Transport to and from Melbourne airport will be sorted out in the Januarys newsletter along with meeting time and also drinking plan.. Yeah right who needs a drinking plan. Might have to rename to PFCIDC

Pukehina Fishing Classic Invitational Drinking completion.. Well till next time stay safe and look out for your PFCI packs.

## PFCI PACKS

The PFCI parks are now complete.. Look out for a delivery in the next few weeks.. Some have been posted and others will be delivered in time.. Local Distributions are handled by James and Ben J.

## TRAVEL INSURANCE

For those that are looking at getting travel insurance Adam suggested a company called Itrek travel insurance. Looks like a great price at \$27.82 for a 30 year old.

I haven't looked into it at all so not sure what it will cover.

1 - 3	- 5.55
4 - 8	- 3.20
9 - 12	- 8.55
13 - 16	- 15.30
17 - 19	- 55.25
20 - 25	- 150.00

**ODDS ARE SUBJECT TO CHANGE WITH OUT NOTICE**

## BUILDING WORKS APPROVED

Building works have been approved for the upgrade of the PCFI headquarters.. Still unsure on when the Building works will get under way so lets hope for sunshine and hope we have some facilities.. More to come in the coming newsletters and look out for progress photos..IF required we may leave the last of the work for the PFCI to complete. Looking at everyone's qualifications only one member is qualified. So sorry Mark he will be the only one to finish off the roof.. Should be a good view up there of everyone else fishing

## PFCI CREW NEWS

At recent birthday celebrations it was noted in one of the speeches that this crew member went away on a fish trip with a bunch of his mates.. They started fishing and after 15min this crew Member got bored and stared to throw stones into the water.. Well the good news is were the PFCI fish's there are no stones but then lets hope this crew members team mate can find a fishing hole and keep him busy..

## CHANGES TO SNAPPER SIZES

There have been recent changes to the size and catch limits of Snapper in the Bay of Plenty area.. Even those these new rules wont come active until April 2014 it may be good the have the PFCI undertake these new rules..

### CURRENT MIN LENGTH AND CATCH LIMIT

9 @ 27CM PER  
PERSON

### APRIL 2014 NEW LENGTH AND CATCH LIMIT

7 @ 30CM PER  
PERSON

### PFCI'S CURRENT COMP LEGAL LENGTH AND CATCH LIMIT

9 @ 33CM PER  
PERSON

### PFCI'S 2014 COMP LEGAL LENGTH AND CATCH LIMIT

7 @ 35CM PER  
PERSON

## PFCI BEER OF CHOICE NOMINATIONS

## BRING ON PFCI 2014
