PLANNING WELL UNDERWAY

Well a lot has been happening over the past few months. With the Plane Tickets, Bus hire and GO Karting all booked its time to focus on the competition and the logistics of the PFCI 2012.

We may have secured the help from a local Indian who will be our porter for the week. He will fetch us our water, gut our fish and even go all the way to cooking our food, Getting and opening our beer and maybe for the lucky few tucking us into bed at night.

Well we can all wish. The word is that we have assistance from the resort owners Ross and Jenny and also their close Indian Mate Niru.

More details will be available later to what capacity they will be there. Maybe trying to out fish us or out drink us, or there to have a good time and offer there assistance where ever possible.

We have heard that they will trade fishing spots and secrets for some rum or Jim beam. But be carefully the wrong type and well the fishing spots may be shark feeding grounds.

There will be a number of fishing rods and reels available for use but feel free to bring your own. If you do they need to be transported in a PVC tube or Rods Case. They will also need to be clean to pass customs.

GO KARTING

GO Karting has been confirmed and booked for the final day on the 14th of march at 12pm . We may be able to change the date if the weather is bad for fishing. They will do what they can to fit us in another day if required.

So the format will be a 10min Qualify and then a 20min Race.

PROPOSED FIRST DAY TIMETABLE

If all goes on time we have a proposed timetable for the first day. We land in Auckland at 1:45 pm so after we do our duty free shopping, Clear customs and get the Bus sorted we should be on the road at about 3pm. From there we will have a short stop at a bottle shop to get supplies, maybe some food if required and then get back under way. There are a number of hitching spots along the way so we will be stopping and checking id before we pick up any.. Na na just joking we will more than likely be having toilet spots along the way.

Have worked out 8 blokes less the driver, so 7 Drinking 3 - 4 beers the first hr and then 2 - 3 every hour after that we should be able to go though about 3 slabs. But we

can get 4 just incase.

Our intended travel time to the Pukehina 8 Star Resort (yes that's right 8 stars a first in the world) will be about 3hr 15min. Well that's what Google say.

My GPS tells me 3hrs 20min.. So I think if we can do it in under 3hrs we are making good time..

ETA at our resort will be about 6 - 6:30pm. Just in time for dinner. Sun set will be at about 7:46pm. Plenty of time to check out the area and maybe put in a long line to catch breakfast. Oh I didn't mention that we are living off the land..Fish for breakfast lunch and dinner..

Bedding will be drawn using the

rock paper scissors format. Well maybe not hopefully we can sort all that out but if we need to we may have to resort to that.

That night we will discuss the format, Pick teams and sit back and relax to the wave crashing on the beach (Wait no, we want flat calm) So sitting looking at the moon reflect of the flat ocean. Umm starting to sound a bit gay.. There will be beer all over the place, naked blokes running down the beach.. Wait that's a bit gay too. Oh well we will be having a ball and not thinking that in 170hr we will be back at home detoxing..

PFCI 2012 TESTING 2011

Testing will begin in September with the final tests carried out in December.

We will be ensuring that the accommodation is up to its 8 star standard and all is in working order. We will also be checking fish stocks in the intended Fishing area to ensure a large range are available to March 2012. Fishing gear will be tested and also stocked with A+++ Rigging and equipment. That's Right A+++ For Rod, Reel and Tackle. You will not find a higher rate anywhere.

Results of these tests will be published in the Next issue (December) and also January's issue.

Feel free to let me know of any suggestions for the Trip.

Also food requirements such as you don't eat meat (umm well you should really be fishing) but like breakfast. There is only so much bacon and eggs some one can eat.. Umm or is there. Meal suggestions will be noted in January's Edition of the PFCI.

Below are the latest long line results from July 2011. All fish are of legal size so there for the minimum size here is 27cm.

WEATHER AND WHAT TO PACK

Well the weather in NZ is a bit like Melbourne. Could be sunny could be rain. But looking back March 2011 the temperature was about 20 - 25c. Don't let this fool you. There is a big hole in the ozone above NZ so 5 min in the sun and you will be feeling it. At night depending on a sea breeze it may get a bit cool. There is a washing machine at the Resort where we are staying so you can wash if required. Pack some sunscreen

and for the guys into this sort of stuff coconut tanning oil is allowed..

So I won't tell you that you need 5 pairs of jocks, 4 T shirts or 8 pairs of jeans.. Will let you work out but make sure you have some old clothing for fishing. Don't want to get blood and guts over you \$500 Ralph Lauren polo shirt. We will have an Bose Ipod docking station so we can turn out some tunes. Remember that you have 32kg of

packed luggage so that will be a lot of clothing for a week.

**OH AND DON'T FORGET YOUR
TOOTHBRUSH**

Any questions let me know and I'm sure one of our departments will be able to help you. More information on the weather go to
