THE COUNTDOWN BEGINS IF NOT ALREADY

Well not long to go and by the time this is sent out it will only be 36 days till we take off on the first PFCI.

You can read the report on the next page of the Christmas testing. Didn't go to well but in the last news a report was sent to me reading - PFCI Update : Rubber ducky, 3min, 1 kingfish. Even though it was only 65 cm (10cm under

legal) it is promising that fish were on the bite that quick. At this rate we will only be fish for 90min per day before we get out bag limit..

It was also flat calm so lest hope we have that in march.

Feel free to bring over your own GPS units if you want to keep some of your spots secret. Some locations are in the rules for a guide.

SPORTING ACTIVITIES

There will be a number of sporting activities at this years PFCI. These include, Backyard and Beach cricket. Yes the grounds keeper is in the process on creating an all year round pitch. Also on the agenda Beach football and soccer, Frisbee, Maybe volleyball, a lot of ball throwing, Beach drinking and a load more. Also in the thinking tank is a slip and slid from the house/Backyard to the

ocean. Still in the planning and design stage so don't hold me to it. So make sure you bring your game face on the 7th of march. Its game on in a range of ways.

TESTING PART 2 PHOTOS

THE WEATHER - SHIT

FINALLY SOME FISH

AND MORE

SOME BAIT TO TOP IT OFF

Well testing part 2 over Christmas was over and done with in a few days, Bad weather came in and we only had one day to get out for a few hours.. Report is soft baits work well with the Kahawai. I used the Slam bait fish type. Was having strikes 80% of the time. So if you want to bring some soft baits or a spinning rod feel free to. The rest were snapper and some mullet that will be used for bait. Boats all look well expect for one that has its own live tank in the bottom of the floor. Na wasn't too bad. All should be fixed by the time we come over or we may have a day in the workshop.. Manufacturing some Burleigh buckets and also rod holders. All we need is recliners and will be a comfy week of fishing.

MENU PLAN

Well have tossed around a few Ideas for dinners. Here is what we came up with in no order of day.

Beef - Tastes like fish

Lamb- Tastes like fish

Pork - Tastes like fish

Fish- Umm well tastes like fish

Na just joking but I'm sure there will be a bit of fish around...

READ MEAL REQUEST

You will find attached to the email a meal and drinks request form. Mark two for the drinks etc and one meal. The most will get majority. If not the top two of the drinks and cereal will get chosen and the top meal. The remaining will be purchased as required.

Our flight leaves at 0810 on the 7th of march. We will meet at about 6 - 615 am inside level one (departures) in the international section next to Qantas first class check in.. No we haven't

upgraded to first class. From here we can get organised before we check in.

If you Require make sure you have organised travel insurance especially if you are going to bring your own rods and reels over.

Money can be exchanged at the airport before or after we go through customs..

Money can also be taken out in NZ ATM's as you may get a better rate and less fees with ATM's.

Again I will have a rod case so let me know if you want to put your rods in. There is only room for about 6 rod so get in fast or you want to bring your own feel free too. If you bring your own must be a hard case or PVC etc. At this stage I have got 7 boat rods and 5 spinning rods. I can take 4 more over but if anyone else can bring their rods it will ensure every one gets a boat rod and spinning rod with maybe a spare left over

To save lugging a heavy bag around, the resort has the following things on the bottom left. So unless you use special soap or shampoo or you may have a special pillow you like to sleep with (not including girlfriends/wives) the PFCI resort has you covered.. There is also a washing machine so cloths can be washed if required. Any other request let me know.
